### A few important details...

- These benefits are available to individuals who submit a course application by **June 30, 2023**, and who sign a course agreement no later than **July 15, 2023**.
- Submitting an application does not obligate you to enroll in the course, and it also does not guarantee you a spot. We'll work with you to make sure we're all super-confident that you'll receive a ton value from the course before we ask you to sign a course agreement.
- If you're accepted into the course, a non-refundable \$540 deposit is due upon signing the course agreement to hold your spot, and additional payment(s) will be scheduled according to a personalized payment plan.
